## Cot Mounting AZ 11 H

### Application

The hydraulic cot mounting machine AZ 11 H enables a quick and trouble-free mounting and removing of all spinning cylinder press fit covers.

### Advantages

- > Universal applicable for all types of spinning cylinder covers.
- > Symmetrical fitting of the covers on the axles through step less stroke adjustment.
- > Time saving through quick and simple stroke adjustment and high piston speed.
- > Simple operation and adjustment of the machine.
- > Very sturdy robust machine.

Machine	
Dimensions HxWxD	2280 mm x 780 mm x 950 mm
Net weight	430 kg
Power	4,0 kW
Mounting force hydraulic	30 daN (at 150 bar)
<b>Centre guided top rollers:</b>	
Max. length of cot	70 mm
Max. diameter of cot	80 mm
<b>Long top rollers:</b>	
Max. length of cot	425 mm
Max. diameter of cot	140 mm
